### PRINCIPAL INDIVIDUAL PLAYS

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

### CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of Form 347-A)

#### SECTION 6 — PUNTS.

**Article 1:** Punts are measured from the line of scrimmage to the point where the receiving team first gains or loses possession of the ball, or if untouched by the receiving team, to the point where the ball is downed by the kicking team or goes out of bounds.

**Article 2:** When a punt goes over the goal line (touchback), distance of the punt is measured from the line of scrimmage to the goal line.

**Article 3:** A blocked punt is recorded as a "team" entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass the line of scrimmage, enter the word "team" in lieu of kicker's name and charge one punt for NO yards, so the blocked punt is included under "Times Kicked" in team totals.

If the ball travels toward the kicker's goal and is recovered by the blocking team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the kicking team, the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost, except on fourth down.

#### SECTION 7 — KICK RETURNS.

**Article 1:** Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (**Exception** — Blocked kicks which travel toward the kicker's goal. See Article 3 of Section 6.)

**Article 2:** Returns are measured from the point where the returning player first gains or loses possession of the ball to the point where the ball is declared dead or is lost by fumble.

**Article 3:** The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

#### SECTION 8 — FREE KICKS.

Free kicks are recorded as kickoffs if made from placement and as punts if the ball is punted. The receiving player is credited with a kickoff return or a punt return, respectively.

#### SECTION 9 — GOALS FROM THE FIELD.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

The distance of such kicks is recorded on form 347 only under "principal individual plays". If kick is unsuccessful, show yard line from which kicked, in lieu of distance.

#### SECTION 10 — POINTS AFTER TOUCHDOWN.

**Article 1:** A player attempting a try-for-point-after-touchdown by kicking is **not** charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt is charged to the individual kicker, regardless of the success or failure of the effort.

**Article 2:** The try-for-point-after-touchdown is made while time is out and is **not** recorded as a play from scrimmage (rush, pass or kick).

When a try-for-point-after-touchdown is by forward passing, the passer is charged (under SCORING) with the attempt, whether successful or not. If successful, the receiver is credited under SCORING with the conversion and points scored, and the passer is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception.

#### SECTION 11 — SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

#### SECTION 12 — FUMBLES.

On any play terminated by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling — On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

#### WILD PASS FROM CENTER.

Any loss resulting from an obvious wild pass from center is charged to "center pass," and not to any individual player.

POST-GAME COACHES' QUOTES:

## Coach Bump Elliot:

It's really pleasing to win that one. Indiana's good defense was not a surprise. It is stronger than people realize. They stunted a lot, bringing as many as eight men in at a time.

They gave us a lot of pressure and made us throw quick.

I think Indiana is a good ball club, the best offensive team we've seen. The Indiana throw-back passes worked well because they executed them as well as I've ever seen it done.

Our game plan was not prearranged. We were just trying to feel it out and hit where we could do best. We ran well in the early part of the game but when they shut it off, we went to the passing game.

Our pass defense was good and I thought we got a good rush on them.

Denny Brown did a good job of coming up with the big play. Defensively I thought Hartman and Curtis had fine games in the secondary and Goss and Hill on the inside. We got a great lift from Killian, who had to come in to replace Stincic when we lost him. Our defense kept us in the game and helped us win it.

I was wary of Indiana right up to the end because of their explosiveness and their ability to come from behind late in the game.

## Coach John Pont:

The big story was that Michigan was just more alert than we were. They played alert football and we played sloppy football. We must have dropped at least eight balls. That's too much for one game.

Our pass offense wasn't sharp. As for the defense, I think it played well after Michigan's first drive. I certainly wouldn't blame any one player on offense. There were just too many wrong things being done on offense.

Actually, I think our defense played possibly its best game of the year. While we missed Sniadecki, his absence wasn't that much of a factor.

Michigan did nothing on defense that we hadn't expected.

Johnson is a very strong runner. To stop him you have to destroy his running pattern. I thought that our defense did this from the second quarter on.

The Big Ten race is still open. It will be an interesting work week for us next week.
