

THE UNIVERSITY OF MICHIGAN

CURRICULUM VITAE

May 9, 2012

MILES SPENCER KIMBALL

Professor of Economics and Research Professor of Survey Research

University of Michigan

Department of Economics and Survey Research Center

312 Lorch Hall and 3036 Institute for Social Research

Ann Arbor, Michigan, 48109-1220

Phone: (734) 764-2375

FAX: (734) 764-2769

E-mail Address: mkimball@umich.edu

Education:

Ph.D 1987 Harvard University (Economics). Dissertation: *Essays on Intertemporal Household Choice*. (Recipient of the Wells Prize for the best Harvard dissertation in Economics in 1987.)

M.A. 1984 Brigham Young University (Linguistics). Thesis: *Language, Linguistics and Philosophy: A Comparison of the Work of Roman Jakobson and the Later Wittgenstein, with some Attention to the Philosophy of Charles Saunders Peirce*.

A.B. 1982 Harvard University (Economics).

Professional Experience:

Professor, 1999–present, Department of Economics, University of Michigan

Director of the Masters of Applied Economics Program, 2010–present, University of Michigan

Associate Chair for Administration, 1997–2002, Department of Economics, University of Michigan

Associate Professor, 1993–1999, Department of Economics, University of Michigan

Assistant Professor, 1987–1993, Department of Economics, University of Michigan

Research Professor 1999–present, Survey Research Center, Institute for Social Research, University of Michigan

Faculty Associate, 1992–1999, Survey Research Center, Institute for Social Research, University of Michigan

Research Associate, 1993–present, National Bureau of Economic Research

Faculty Research Fellow, 1988–1993, National Bureau of Economic Research

Awards and Fellowships

LS&A Excellence in Research Award, 1999.

Samuelson Prize Certificate of Excellence for “Preference Parameters and Behavioral Heterogeneity: An Experimental Approach in the Health and Retirement Study” (with Robert Barsky, Thomas Juster and Matthew Shapiro), 1997.

Wells prize for the best Harvard dissertation in Economics in 1987.

Chiles Fellowship awarded by Harvard Economics Department for the third year of graduate study, 1985–1986.

Full scholarship awarded by Harvard University Department of Economics for the first two years of graduate study, 1983–1985.

Ninth place in the United States Math Olympiad, 1977. (Alternate to the eight-member U.S. Math Team.)

Major Invited Lectures and Visiting Professorships

Jon M. Huntsman Presidential Visiting Professor, Utah State University, May, 2011.

H. Chase Stone Lecture, Colorado College, 2009.

Grants:

National Institute on Aging R01 grant “Using the Dynamics of Happiness the Measure the Subjective Importance of Events,” Principal Investigator, 2011–2016.

National Institute on Aging R21 grant “Measuring Preferences Needed to Guide Saving and Investing for Retirement” for which Daniel Benjamin is the PI. Senior Investigator.

Renewal of National Institute on Aging Program Project “Behavior on Surveys and in the Economy Using the HRS” for which Robert Willis is the PI. Senior Investigator for “Explaining Household Portfolio Choice in Saving for Retirement” (Tyler Shumway Project Leader), 2010–2015.

National Science Foundation, “Internet Interviewing” (Arie Kapteyn, PI). Initial grant, 2002–2006. Renewed for 2008–2012.

Princeton University, Industrial Relations Section, “Happiness and Weather,” 2008–2011.

National Institute on Aging Program Project “Behavior on Surveys and in the Economy Using the HRS” for which Robert Willis is the PI. Project Leader for “Subjective Well-Being and Utility in Psychology and Economics.” Senior Investigator for “Explaining Household Portfolio Choice in Saving for Retirement” (Tyler Shumway Project Leader), 2005–2008.

Osaka University, Institute for Social and Economic Research, Center of Excellence, “Measuring Declining Marginal Utility I,” “Measuring Declining Marginal Utility II,” “Measuring Declining Marginal Utility III,” and “Measuring Declining Marginal Utility IV,” 2005–2008.

John Templeton Foundation, “Studying the Effect of College Major on Religiosity,” 2004–2005.

Social Security Administration, (Michigan Retirement Research Center) “Social Security, Retirement, and Wealth: Theory” (with Matthew Shapiro), 2002.

Robert Wood Johnson Foundation, “Experimental Survey Evidence on the Value of Health Insurance to Employees,” (with Matthew Shapiro), 2001.

National Institute on Aging Program Project, “Wealth, Savings and Financial Security Among Older Households,” (with Robert Barsky, Thomas Juster, Matthew Shapiro *et. al.*) 1992–1995. Unfunded extension to 1998. Renewed for three years, 1998–2000. Unfunded extension to 2003. Senior Investigator for the initial grant, for which Tom Juster was the Principal Investigator; Project Leader for Project 2 (“Preference Parameters: Altruism, Risk and Labor Supply”) of the Program Project renewal, for which Matthew Shapiro is the Principal Investigator.

National Institute on Aging, “Survey Research on Preference Parameters,” (with Matthew Shapiro and Robert Willis) 1998–1999. Principal Investigator.

National Institute on Aging, “Enhancing the Quality of Financial Data” (1998–1999). Senior Investigator. (Tom Juster is the Principal Investigator.)

National Science Foundation, “Business Cycle Analysis with Increasing Returns, Imperfect Competition and Unobserved Input Variation,” (with Susanto Basu) 1994–1997. Co-Principal Investigator.

National Science Foundation, “Quantitative Business Cycle Analytics,” 1991–1993. Principal Investigator.

National Science Foundation, “Precautionary Saving Due to Income Risk: Theory and Evidence,” 1989–1991. Principal Investigator.

Languages:

English, Japanese, German.

Publications—Book Chapters and Encyclopedia Articles:

- Carroll, C., and Kimball, M., 2008: “Precautionary Saving and Precautionary Wealth,” *The New Palgrave Dictionary of Economics*.

- Kimball, M., 1992: "Precautionary Motives for Holding Assets," *The New Palgrave Dictionary of Money and Finance*, Peter Newman, Murray Milgate and John Eatwell (eds.), Stockton Press, New York, 158–161.
- Eeckhoudt, L. and Kimball, M., 1992: "Background Risk, Prudence and Insurance Demand," G. Dionne (ed.) *Contributions to Insurance Economics*, Kluwer Academic Press, 239–254.

Commentaries:

- Kimball, M., 1994: "Discussion of 'The Importance of Precautionary Motives for Explaining Individual and Aggregate Saving,' by R. Glenn Hubbard, Jonathan Skinner, and Stephen P. Zeldes," Carnegie-Rochester Conference Volume, *Journal of Monetary Economics*.

Under Review

- Kimball, M., Shumway, T., Shapiro, M., and Zhang, J., "Rebalancing in General Equilibrium."
- Kimball, M., and Matthew Shapiro, "Labor Supply: Are the Income and Substitution Effects Both Large or Both Small?" revision request by *American Economic Journal: Macro* (available as NBER Working Paper #14208).
- Gollier, C., and Kimball, M., "New Methods in the Classical Economics of Uncertainty: Comparing Risks." Revision requested by *Annals of Operations Research*.
- Basu, S., Fernald, J., Fernald, J., and Kimball, M., "Cyclical Productivity with Unobserved Input Variation," revision requested by the *Journal of Monetary Economics*. Available as NBER Working Paper # 5915.
- Kimball, M., Colter Mitchell, Linda Young-DeMarco and Arland Thornton, "Reciprocal Influences of Education on Values Concerning Family, Careers and Society."
- Kimball, M., Levy, H., Ohtake, F., and Tsutsui, Y., "Unhappiness After Hurricane Katrina," revision requested by *Journal of Happiness Studies*.
- Carroll, Chris, and Kimball, M., (2001): "Liquidity Constraints and Precautionary Saving." NBER Working Paper # 8496.

Books in Preparation:

- Kimball, M., in progress, *Business Cycle Theory: An Analytical Approach*.

Articles in Preparation

- "Confidence" (with Tyler Shumway and Daniel Weagley)
- "The Dynamics of Happiness After Major Life Events" (with Ryan Nunn and Daniel Silverman).
- "Do People Choose What They Think Will Make Them Happiest? Evidence from the National Resident Matching Program" (with Daniel Benjamin, Ori Heffetz and Alex Rees-Jones)
- "Beyond Happiness and Satisfaction: Towards National Well-Being Indices Based on Stated Preference" (with Daniel Benjamin, Ori Heffetz and Nichole Szembrot)
- "The Sources of Real Rigidity" (with Susanto Basu), solicited for *Monetary and Economic Studies*.
- "New Survey Evidence on the Elasticity of Intertemporal Substitution" (with Claudia R. Sahn and Matthew Shapiro).
- "The Catastrophic Collapse of Investment in the Great Depression" (with Robert Barsky and Rudi Bachmann).
- "College Major and Preferences: The Case of Religion" (with Colter Mitchell, Linda Young-DeMarco and Arland Thornton).
- "Investor Sophistication and the Participation, Home Bias, Diversification, and Employer Stock Puzzles" (with Tyler Shumway).
- "Fatalism, Locus of Control and Retirement Saving" (with Tyler Shumway).
- "Sector-Specific Technical Change" (with Susanto Basu, John Fernald and Jonas Fisher).

“Utility and Happiness” (with Robert Willis).
 “The Decline of Drudgery” (with Brendan Epstein).
 “Affective Determinants of Consumer Expectations” (with Robert Barsky and Noah Smith).
 “Realistic Parameters Make the Basic Real Business Cycle Model Act Like the Solow Growth Model” (with Shanthi Ramnath).
 “Q-Theory and Real Business Cycle Analytics.”
 “Long-Run Labor Supply and the Elasticity of Intertemporal Substitution for Consumption” (with Susanto Basu).
 “The Retirement Elasticity” with Matthew Shapiro.
 “Investment Planning Costs and the Effects of Fiscal and Monetary Policy,” with Susanto Basu.
 “New Methods in the Classical Economics of Uncertainty: Characterizing Utility Functions” (with Christian Gollier).
 “New Survey Evidence on Health Insurance and Labor Supply,” (with Matthew Shapiro).
 “The Effect of Uncertainty on Optimal Control Models in the Neighborhood of a Steady State.”
 “Consumption Technology Neutrality.”

Research in Progress:

“Parsing the Gap Between Smaller-Stakes and Larger-Stakes Risk Aversion” (with Daniel Benjamin and Mark Fontana).
 “Elections and Happiness” (with Fumio Ohtake, Rocio Titiunik and Yoshiro Tsutsui).
 “Hedonic Adaptation and News: Evidence from a Daily Web Panel” (with Fumio Ohtake, Noah Smith and Yoshiro Tsutsui).
 “Optimal Monetary Policy in a Two-Sector Model,” (with Robert Barsky and Chris House).
 “Conjugate Function Analysis of Intertemporal Decision Problems.”
 “A Symmetry Theorem for Intertemporal Decision Problems.”
 “The Forward-Reverse Elasticity Gap” (with Daniel Benjamin, Collin Raymond and Claudia Sahm).
 “Is the Fed’s Interest Rate Target a Random Walk at High Frequencies?” (with Jonathan Wong).
 “Immobile Labor as a Foundation for Investment Smoothing” (with Ryan Michaels).
 “Diminishing Marginal Utility Revisited” (with Fumio Ohtake, Claudia Sahm and Yoshiro Tsutsui).
 “Labor Supply: Evidence from the Survey of Consumers” (with Claudia Sahm and Matthew Shapiro).
 “Persistent Investment Opportunities and the Foundations of Capital Theory” (with Robert Barsky and Chris House).
 “The Household-Centric Solow Residual as a Tool of Welfare Analysis” (with Susanto Basu and John Fernald).
 “Capital Intensity and Shiftwork” (with Susanto Basu and John Fernald).
 “Precautionary Saving and Preference-Based Explanations of the Equity Premium Puzzle.”
 “Allocation of Resources Between Theater Games.”
 “Endogenous Equality of Income and Substitution Effects on Labor Supply.”

External Service

2007–present: Nakahara Prize Committee (Japanese Economics Association)

Advisory Editor for *Economics Letters*, Reviewer for the National Science Foundation, *Econometrica*, *American Economic Review*, *Journal of Political Economy*, *Journal of Monetary Economics*, *International Economic Review*, *Journal of Money, Credit and Banking*, *Economics Letters*, *Journal of Risk and Uncertainty*, *Geneva Papers on Risk and Insurance* and other journals.

1993–1997: National Advisory Board, The Sunstone Foundation

University Service

2002–present: chair of the Survey Research Center Committee for Research Initiatives on the Monthly Survey

2005–2007: alternate member of the Senate Assembly

2001–2002: ISR Fellowship Committee

1988: Rackham Fellowship Committee

1995–present: Rackham Research Committee

1998: Fullbright Selection Committee

Departmental Service

Ex Officio Member of Department Executive Committee as Associate Chair for Administration Committee on an Undergraduate Finance Program

Finance Search Committee, Chair

Author of Department Space Plan

Undergraduate Program Committee

Library Committee

Graduate Admissions and Fellowships Committee
