[maurerw](#) [Block User](#) What happens when your air bag deploys?

[csev](#) [@maurerw](#) I think that the right thing to do for the airbag might be some sort of hinge.

[dIRTYmUMBLES76](#) [Block User](#) EPIC FAIL!

[bcoopz](#) [Block User](#) If your steering wheel deploys, you probably have worse things to worry about than a broken iPad.

[VIJUMPMANIV](#) [Block User](#) It's blocking the speedometer LOL That can lead into bad things..baaad thingz

[wyattthompson1](#) [Block User](#) [@mfold01](#) its obviuosly not a closed course u can see houses

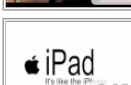

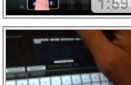

[theinsultingbastard](#) [Block User](#) This is a joke right?

[brillo31](#) [Block User](#) this has potential but your demo of it is in the wrong direction. you should reshoot the video focusing on use of navigation apps, or occasional music change but you gotta ditch the mention of 'reading', 'texting', etc.

[XxUnionHockey11xX](#) [Block User](#) [@maurerw](#) lol you get a face full of glass

[mfold01](#) [Block User](#) I wish I was a personal injury lawyer. If you have an iPad anywhere in your CAR and you get in an accident, chances are, you were playing with it. I thought this guy was kidding, but when he goes to all the trouble to say that it's a closed course, I get the impression that he really believes that having ten inches of wall stree journal between you and the road is a safety enhancement!

[uglynakedboi](#) [Block User](#) Thats retarded, whoever invented this is a fucking idiot. LOL Read while youre driving, there you go theres my evidence .
