[rhadiem](#) [Block User](#) All I have to say is this. Stay out of the passing (LEFT) lane if you're gonna do anything but simply drive. There are others who have places to go. Thanks.

[LINGsCARS](#) [Block User](#) I am considering to pay for the UK distributorship for this great product. This is indeed a massive contribution to road safety. I am always completely awe-struck by the way American technology sweeps across the World, running down everything in it's path. Nice beige car interior too. Final proof that this is a real invention is that the inventor himself has a beard.

[nervekiler](#) [Block User](#) you can read while driving and your NOT distracted?
i hope your patent gets you sued when the first IDIOT using it hits and kills children or other motorists.
when you are driving you do not have time to be distracted by this type of bullshit.
