

SAS to Stata and SAS to SPSS
July 3, 2014

This example code shows how to convert SAS data sets into Stata (.dta) and SPSS (.sav) data sets using PROC EXPORT. See PROC IMPORT to reverse this process.

SAS Code:

```
* examples of converting SAS data set to : Stata and SPSS ;
* July 3, 2014 ;
* Berglund ;

libname d 'd:' ;

* export to Stata (.dta) ;
proc export data=d.chapter_exercises_ncsr outfile="d:\sas_stata_ncsr.dta" ;
run ;

* export to SPSS (.sav) ;
proc export data=d.chapter_exercises_ncsr outfile="d:\sas_spss_ncsr.sav" ;
run ;
```
